Megan: I don't know if our folks had anything else they wanted to tweak for print version, but if there's nothing else to add (to more fully explain the $500 match) then I'm good to go with the tv version turned into a print version. I'll cc the others to ask their input. (I don't know if I ever saw Bruce's print version - would you send it to me again?)

thanks Meg!

and I think the Anch. Assembly's idea on resollution is excellent. We'd be thrilled to have their support.

thanks! and thanks for all the Fairbanks work this weekend too. It went well.

MEA will be a huge challenge next week. It's tough to guess everyone's motives in that arena.

Hello Commisioner Notti:

Sean Parnell and I want to help in Hooper Bay as they seek community water. We're asking Karen Rehfeld to ask Village Safe Water where the state or federal govt are on this issue.

Just to keep you in the loop!

Mike,

I am in Seattle in meetings with EPA through Tuesday morning. I'll be back in Juneau on Tuesday afternoon. As you probably already know, Kristin Ryan, our Director of Environmental Health, is very familiar with the Fox Spring water well and can provide whatever help and information is needed from DEC on this.

Some folks testified that they get their water only at the Fox springs and now don't know what they'll do for water.

Nice job, governor! You picked some great board members. I hope you made it back to town--the weather is ridiculous.

Any day you want the tour/introduction/guest page gig for Track and Britta will be fine.

Ivy

I just wanted to let you know what GREAT additions Joanne Smith and Beth Farnstrom are to the Board of Nursing! They joined us for the first time at our meeting last week in Juneau. Both of these women contributed valuable input and insight, even at their first meeting! I am truly looking forward to their contributions in the future. Thanks so much for the great choices in appointments.
